

**Alignment of 24-7 EMS Courses with the
NREMT Continued Competency Program (NCCP 2016)**

The following table is HSI's best effort to align our CAPCE approved 24-7 EMS continuing education (CE) course titles with the corresponding categories of CE from the NREMT NCCP. NREMT accepts CAPCE approved continuing education for recertification. NREMT provides National EMS Certification, it does not approve continuing education courses.
