

Asset & Vehicle Management

Maximize Efficiency and Control with our Asset and Vehicle Management Powerhouse.

Streamline your asset and vehicle lifecycle from acquisition to disposal with our comprehensive and user-friendly platform. Gain full visibility and control over your assets and vehicles, track maintenance schedules, optimize resource allocation, and make data-driven decisions to maximize efficiency and reduce costs. With real-time analytics, automated workflows, and seamless integration, our Asset and Vehicle Management capability empowers organizations to unlock the true potential of their assets and vehicles.

Use Cases

HSI EHS Asset and Vehicle Management capability would benefit organizations which meet any of the following:

- Have a large asset /vehicle inventory
- Have complex asset/vehicle lifecycles, such as equipment maintenance, inspections, certifications, decommissioning, etc
- Managing remote assets/vehicles or distribution locations
- Are governed by strict EHS regulations and standards, making it important to monitor and maintain compliance

<p>Complete oversight & risk mitigation</p> <p>Gain complete oversight by having a centralized view of all your assets/vehicles, their locations, usage, maintenance history and more. Make informed decisions, optimize resource allocation and improve operational efficiency.</p>	<p>Reduced administration</p> <p>Eliminate manual errors, increase data collection and reporting accuracy with our automated system to show real-time data. Reduce time required for manual data entry and analysis and risk of non-compliance and penalties.</p>	<p>Ultimate configurability</p> <p>Customize to meet specific organization, regulatory, industry and company standards. Protect sensitive data with customizable access control. Seamlessly integrate with your organization to become an extension of your unique workflows, processes, and requirements.</p>
<p>Generate actionable insights</p> <p>Quickly identify trends such as increasing maintenance costs, frequent breakdowns or declining asset performance. Send alerts for upcoming maintenance, warranty expirations or critical issues to prevent disruptions.</p>	<p>Flexible deployment</p> <p>Configure our out-of-the-box asset/vehicle management capability to meet your organization's unique requirements, while increasing employee engagement.</p>	<p>Seamless connectivity</p> <p>Frictionless integration with the broader HSI EHS platform and using the same UI. Link to other capabilities such as checklists, audits, incidents, and more.</p>
<p>Features</p> <ul style="list-style-type: none"> • User-friendly interface to increase engagement • Mobile capability – submit from anywhere, at any time • Flexible workflow • Advanced reporting • Connect to users profiles • Role based access • Seamless integration with training management 	<p>Configurability</p> <ul style="list-style-type: none"> • Forms • Format approvals • Automate notifications, escalations and workflows • Connect to checklists • Format approvals • Maintenance schedules • Add risk assessments 	
<p>Data capture</p> <ul style="list-style-type: none"> • Asset Information • Maintenance and Repair data • Asset utilization metrics • Inspections and compliance records • Lifecycle information • Energy consumption and environmental data • Financial data • Performance analytics 	<p>Insights & reporting</p> <ul style="list-style-type: none"> • ROI calculation • Asset inventory and audit trail • Asset performance metrics • Maintenance and repair costs and history • Asset utilization report <p>When combined with other HSI EHS capabilities:</p> <ul style="list-style-type: none"> • Fleet Management • CAPA Management • Incident Management • Checklist Management 	

Security, risk & compliance:
Adhere to various standards and regulations including RESTful API, SSO, 2FA, SAML 2.0, SOC 1-2, OSHA, DOT, OH&S, ISO 27001, ISO 9001, ISO 45001 and more.

Why HSI?
HSI is your single-source partner for EHS, Compliance, and Professional Development solutions. HSI provides integrated e-learning content, training solutions, and cloud-based software designed to enable your business to improve safety, operations, and employee development.

<p>EHS Platform</p> <p>e Learning content and Training Solutions</p>	<ul style="list-style-type: none"> • Safety and Compliance Training • Professional Development • CPR, AED & First Aid Training • Industrial Skills Development 	<p>Cloud-Based Software Solutions</p> <ul style="list-style-type: none"> • Learning Management System • Safety Management System • SDS Management Solutions • Injury Management Software
