

# Simplify ESG and GHG Compliance

## Driving Sustainability Through Smart Compliance and Innovation

HSI's comprehensive ESG software simplifies compliance, reduces complexity, and enhances efficiency by automating data management, reporting, and training. Our platform provides real-time insights, streamlines regulatory compliance, and empowers organizations to achieve sustainability goals while upskilling their workforce through targeted training.

## Holistic ESG Solutions

HSI's [ESG System](#) goes beyond worker safety. We help organizations achieve:

- **Simplified Compliance:** Easily meet regulatory and sustainability goals.
- **Enhanced Inclusivity:** Engage your workforce and foster diversity.
- **Operational Efficiency:** Manage risks and chemicals effectively to drive meaningful change.
- **AI-Powered Training Insights:** Utilize AI to deliver personalized training recommendations, improving engagement and retention for your workforce.

Key features highlighted in callout boxes:

- ✓ Track
- ✓ Corrective Actions
- ✓ Continual Improvement
- ✓ Non-conformities
- ✓ Calculate
- ✓ Gather

Software interface data points:

- 322.93 tCO<sub>2</sub>e (mtu)
- 12.92%
- 20.7 tCO<sub>2</sub>e (mtu)
- 56K MWh
- Environmental metrics: -1.60%, -1.00%, -0.81%, 3.09%
- Environmental metrics: -0.95%, -0.82%, -1.18%, 2.51%

## Key Features

- **Modern GHG Tracking:** Visualize Scope 1-3 emissions, waste management, and resource consumption with our advanced dashboards.
- **Threshold Limits and Corrective Actions:** Set emission limits, and if the threshold is close to being exceeded, corrective actions are triggered to ensure limits are maintained
- **Configurable Emission Factors:** Emission factors are based on EPA eGrid factors, customers can also input their own factors for equipment or processes
- **All in One Platform:** Discover a unified EHS System, training and learning LMS, and ESG capabilities all in one intuitive platform

## The HSI Difference

Unlike traditional vendors, HSI offers a unified platform that consolidates your ESG, EHS, HR compliance, training and development, risk and chemical management needs under one partner—saving time, resources, and costs while delivering unmatched efficiency.

## Achieve More with HSI

With advanced AI-capabilities, HSI streamlines compliance, boost sustainability, and creates a lasting impact. [Partner with HSI](#) to simplify your ESG initiatives—because a better future starts with the right solutions.
