

Bloodborne Pathogens in the Workplace

The MEDIC First Aid *Bloodborne Pathogens in the Workplace* program includes information that will help students understand what bloodborne pathogens are and how risks of exposure can be reduced for themselves and others. The program assists in satisfying the training requirements of the U.S. Department of Labor, OSHA Bloodborne Pathogens Standard 29 CFR 1910.1030.

Intended audience

Any individual or employee who has a reasonable anticipation of contact with blood or other potentially infectious materials as a result of performing designated job duties.

MEDIC First Aid-approved training materials

Instructor materials

- *Bloodborne Pathogens in the Workplace* DVD
- *Bloodborne Pathogens in the Workplace* Instructor Guide (one per instructor, print or digital)
