

## Industrial Skills

# Meet The Experts

Vonita Williams

Instructional Designer

[vwilliams@hsi.com](mailto:vwilliams@hsi.com)

Vonita Williams has more than 14 years' experience in instructional design and technical writing. She has consulted with clients on training and performance needs and developed courses to meet those needs. She has also managed training and performance improvement projects.

As part of her experience, Vonita has prepared design documents and storyboards for content development. Using those documents, she has developed online courses including presentation, interactions, and assessments, using learner feedback to refine courses as needed. During her time in the utility industry, Vonita has partnered with SMEs to identify and implement learning needs, including participant and facilitator guides and presentations for instructor-led and virtual training.

Vonita shared some insights into her career, current position, and past accomplishments below:

**When and why did you decide to pursue a career in your field?**

I have always been in a process improvement environment whether it was via engineering, mentoring, or coaching, so when the opportunity presented itself for me to enter into the training and development arena, it seemed like a great fit. This was 14+ years ago and haven't looked back.

**What do you like best about your job?**

The ability to help others be able to understand and perform their jobs better.

## Meet the Expert: **Vonita Williams**

### What project are you most proud of?

I'm proud of any project that I take on and achieve success with. But most importantly, the ones that add value to the lives of others.

### How has your job changed over the past few years?

It hasn't really changed over the past few years, just allowed me to grow as an individual in my area of expertise.

### Give one word that describes you best.

Multidimensional

### What motivates you?

Making a difference.

## About HSI

HSI is your single-source partner for EHS, Compliance, and Professional Development solutions. HSI provides integrated e-learning content, training solutions, and cloud-based software designed to enable your business to improve safety, operations, and employee development. Across all industries, HSI helps safety managers, and technical employees, human resources, first responders, and operational leaders train and develop their workforce, keep workers safe, and meet regulatory and operational compliance requirements. HSI's focus is on training, software, and services for safety and compliance, workforce development, industrial skills, and emergency care. HSI is a unique partner that offers a suite of cloud-based software solutions including learning management, safety management, chemical SDS management, and more, integrated with content and training so businesses can not only monitor and manage multiple workflows in one system, but train employees via one partner.
