Top 5 Questions About Your OSHA 10 & 30 Course

How much time do I have to complete the Online OSHA 10 or 30 Hour training?

180 days to complete the training, including the final exam and course evaluation; the clocks starts when you start your 1st course.

When will I get my wallet card?

You'll get your official DOL-OSHA card within 2-3 weeks of successful completion of the final exam *and* the course evaluation—you **must** complete the course evaluation to get your card. A printable temporary certificate of completion is available immediately after successfully completing your course.

Who do I call for help?

For any issue with the course, including log-in and password retrieval, call our support team: 800-370-1223

Does it really take 10 hours or 30 hours?

Yes! The government mandates the time you must spend training. [OSHA 10 hour](#) training must take at least 2 days to complete. [OSHA 30 hour](#) training takes 4 days to complete. You can only train for 7.5 hours each day.

What does 'successful completion' of the course mean?

You have 3 attempts to pass the exam at or above 70%. It is 30 questions, randomly aggregated from the course material. If you fail **any** of the quizzes or final exam after three attempts, you must restart the training completely.

Thanks for choosing Summit, the nation's #1 [OSHA-Authorized](#) provider of 10 & 30-hour Outreach Training.
